**BORN ON THE TRACK  
... READY FOR THE ROAD**

**POTENZA**  
**S-03**  
*Pole Position*

*What better testing ground for ultra high performance road tyre technology than the Formula One racetrack? The Potenza S-03 Pole Position is the road engineered equivalent of the tyre used by Bridgestone to scoop 3 consecutive F1 world championships. Giving drivers of top sports cars a level of handling, road holding and responsiveness they've never had before.*

*Designed with the same core technologies as our Potenza Formula One racing tyre, the Potenza S-03 Pole Position brings Bridgestone's advanced new UNI-T AQ II technology onto the road. It not only raises performance when the tyre is new, but provides consistent high performance – especially in the wet – throughout the life of the tyre. The Potenza S-03 Pole Position is available from the First Stop tyre network and all good Bridgestone tyre dealers [www.bridgestone-eu.com](http://www.bridgestone-eu.com)*
